INDU RANGE - CLEANING CHEMICALS

Product

Description and uses

Available Quantities

Notes

Induscrub

Very efficient industrial and universal cleaner. Slightly foaming and alkaline. For removing all kinds of soiling including wax films.

For the cleaning of all washable and alkali-resistant surfaces such as floors, walls, doors, window frames, plastic surfaces, aluminum, synthetic fabrics, etc.

5 l container- 01642
20 l container- 01641

For linoleum use up to 500 ml to 10 l water

Induclean

Neutral general purpose cleaner with pleasant fragrance. Slightly foaming, kind to skin and materials.

For cleaning floors, bathtubs, washbasins, tiled walls, plastic and painted surfaces as well as for the maintenance cleaning of floors treated with self-shine dispersions.

5 l container- 01501
20 l container- 01500

Inducare

Hand soap with natural soap, synthetic detergents and skin care emollients.

For the removal of soiling from the hands in office, kitchen, washroom environments etc.

5 l container- 01555

Industrip

Highly concentrated basic cleaner for removing polymer and wax coatings, also all kinds of soiling. Highly alkaline and slightly foaming.

For the basic stripping of water and alkali resistant floor coverings using automatic scrubber-driers, single brush machines or wet mopping equipment.

5 l container- 01665
20 l container- 01668

Not suitable for the basic cleaning of linoleum.

Indusolve

Moderately foaming industrial basic cleaner for removing oil, grease and industrial dirt, also wax and polymer coatings.

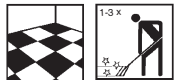

For removing oil, grease and industrial soiling as well as wax and polymer films (e.g. Profloor H) on all water and alkali resistant surfaces.

5 l container- 01662
20 l container- 01660

On linoleum use max. 500ml :10 l water

INDU RANGE - CLEANING CHEMICALS

Product	Description and uses	Available Quantities	Notes
 <p>Polymer H</p>	<p>Hard wearing self-shining polymer based dispersion. Forms a wear-resistant, non-slip and shiny protective film. Suitable for use with high and ultraspeed machines.</p> <p>For the treatment of elastic floor coverings such as PVC, linoleum as well as slightly porous natural and artificial stone floor coverings in buildings with high frequency such as schools, administration buildings, shopping centres, etc.</p>	<p>5 l container- 01742 20 l container- 01740</p>	 <p>Sensitive to frost. Porous floor coverings have to be impregnated with Propore before the treatment.</p>
 <p>Polymer R</p>	<p>Self-shining wax emulsion with high wax content. Forms a highly resilient, non-slip protective film with good repolishing properties. Resistant to black heel marks and waterproof. Suitable for high speed polishing.</p> <p>For the treatment of elastic floor coverings as well as slightly porous artificial and natural stone floors in buildings where a good appearance must be achieved through periodic polishing, e.g. in administration offices, hospitals, banks, etc.</p>	<p>5 l container- 01738 20 l container- 01745</p>	 <p>Sensitive to frost. Porous floor coverings have to be impregnated with Propore before the treatment.</p>
 <p>Indubuff</p>	<p>Water-based spray emulsion for removing dirt, scuff and heel marks using the spray method.</p> <p>For the cleaning and care of treated and untreated floor coverings such as PVC, linoleum, rubber, artificial and natural stone using the spray method. Suitable for normal and high speed methods.</p>	<p>5 l container- 01720 20 l container- 01715</p>	
 <p>Indushine</p>	<p>Ready-to-use, interior and glass cleaner for the easy removal of grease finger marks, nicotine residues, etc. Dries without leaving streaks.</p> <p>To be used on all washable surfaces and objects made of plastic, glass, ceramic, stainless steel, etc. Also appropriate to clean personal computers, monitors and display cabinets.</p>	<p>5 l container- 01622</p>	 <p>Prior to application, check whether painted surfaces are resistant.</p>
 <p>Indubleach</p>	<p>All-purpose bleach.</p> <p>For whitening, stain removal, sanitising, cleaning surfaces, walls, floors, showers, fridges, dustbins, toilets bowls, etc.</p>	<p>5 l container- 01402 SANS 1828</p>	

INDU RANGE - CLEANING CHEMICALS

Product

Description and uses

Available Quantities

Notes

Indusan

Detergent sanitiser based on quaternary ammonium compounds.

5 l container- 01612

For cleaning and sanitising of all water-resistant surfaces and appliances in bathrooms and sanitary areas etc.

Do not mix with detergents.

Indubowl

Thick acidic cleaner for the removal of urinary stains and lime from WCs. Good wetting and adhesive properties. Mild deodorizing action.

5 l container- 06127

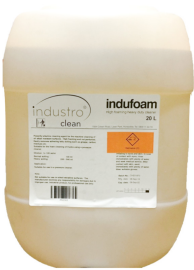

20 l container- 01623

For cleaning toilet bowls and other sanitary facilities. When used regularly, prevents the building of limescale and urinary stains.

Not suitable for limestone and enamel.

Indufoam

Powerful alkaline cleaning agent for the machine cleaning of all alkali resistant surfaces. High foaming and not perfumed. Easily removes adhering fatty soiling such as grease, carbon residues etc.

20 l container- P02302

For all alkali resistant surfaces. Suitable for the foam cleaning of trucks using a pressure cleaner.

Acrylic Sealer/Coating Stripper

Solvent based stripper for removal of water based emulsion acrylic sealers.

5 l container- 01250

20 l container- 01250

For the basic cleaning of all solvent resistant floor coverings using single-brush machines or wet mopping equipment.

Furniture Polish

Liquid furniture polish.

For the polishing of hard surface furniture in office environments, etc. Can be applied in a spray bottle. Spray onto surface and wipe.

1 l container- 01817

20 l container- 01816
